

## Lab Testing at Health Care Provider's Office

### Participant Instruction Form

As a TEL US employee, spouse, or domestic partner (DP) enrolled in the company medical plan you may choose the alternative of having your lab requirements for the Peak Health Nurse Coaching program performed at your healthcare provider's office.

The cost of this lab is determined by your provider and will be covered under your plan if properly coded as a preventive/wellness screening using **ICD10 Code Z00.00**.

**If your provider bills under a different code, you may be subject to the cost of these labs.**

The requirements of the Peak Health lab panel include:

- **Comprehensive Metabolic Panel:** Glucose, Albumin, Alkaline phosphatase, AST (SGOT), ALT (SGPT), Bilirubin, BUN, Creatinine, Calcium, Phosphorus, Protein, Sodium - *CPT Code 80053*
- **Lipid Panel:** Total cholesterol, LDL cholesterol, HDL cholesterol, Triglycerides - *CPT Code 80061*
- **TSH (thyroid test)** - *CPT Code 84443*
- **CBC with Differential:** (RBC, WBC, HGB, HCT, MCV, MCH, platelets, differential count) - *CPT Code 85025*

In order to prepare for the Peak Nurse Coaching visit, please **MAIL, FAX, or SCAN and EMAIL** this form and a copy of your test results as soon as possible to:

- **Mail:**  
Peak Health Services, LLC  
200 Pine Street W, First Floor, Wilson, NC 27893
- **Fax:** 252-237-7896
- **Email:** lab@peak-health.net

Incomplete or incorrect lab work will not complete the requirement of your Peak Health Nurse Coaching program. As a reminder, in order to qualify for your \$500 incentive, you must complete your online CPMH Health Assessment, Peak Health Registration, Biometric Lab Work and Peak Health Nurse visit(s).
